Outline

This policy applies to tickets allocated to CLG na nDúnaibh, by the county board, for Donegal inter-county games.

As a unit of Cumann Lúthchleas Gael, CLG na nDúnaibh are only allocated a finite number of tickets. This allocation of tickets does not always meet demand, and the club executive have adopted this policy to determine how those tickets are to be distributed.

Club Membership

Club membership is very important and non-members will not be considered for tickets at the expense of club members. Closing date for full membership in any given year is 31st March. Being a member of the club does not automatically entitle an individual to a ticket for any match. To be part of a club involves working in all aspects of the club, to assist in the running of the club and ensuring the club makes progress. This policy is designed to reward active members who contribute to the objectives of CLG na nDúnaibh.

Distribution of tickets

The following criteria for the distribution of tickets will apply at the discretion of the committee. Tickets will be allocated to club members on a descending basis per the categories below.

- 1. Club officers, committee members and trustees.** Any remaining tickets will be distributed to category 2.
- 2. Players, coaches, mentors and referees.** Any remaining tickets will be distributed to category 3.
- 3. Voluntary workers and fundraisers.** Any remaining tickets will be distributed to category 4.
- 4. Full members**

If there are more applicants than tickets available for any category, then tickets may be allocated by way of a draw.

Underage Members

In the event that Donegal are playing in a Senior or Minor All Ireland final, at least 10% of the club's ticket allocation will be allocated to youth members, to be distributed at the discretion of the minor board. The remainder will be allocated based on the policy described above.

Other notes

- a. Tickets are allocated on the basis that they are issued for the personal use of members and are not to be passed on to friends or relatives who are not members of CLG na nDúnaibh.
- b. Equally tickets are not to be passed on to persons who are not entitled to them under the allocation system outlined above.
- c. Ticket orders are non-refundable. Members who order tickets are expected to pay for them whether or not they collect the tickets.
- d. Members who are in breach of the above conditions may be excluded from being allocated tickets in future.
- e. While the club will try to allocate members their preferred ticket type, this may not always be possible due to excess demand. In such cases members may be allocated another type of ticket. Where there is a shortage of seated tickets, those tickets will be allocated at the committee's discretion.
